Which OEM is active in which technology segment?

\* The size of the bubbles indicates number of total patents and publications (so far) of the given OEMs for the given technology segment

# Technology Capabilities

**Energy and Lighting**

**Medical Devices and health care products**

**Consumer Electronics and household products**

**Computers & Accessories and Software**

**Biotechnology**

**Pharmaceuticals**

**Chemistry**

## **6 Responsiveness**

- **We respond always and do not hesitate to Ask questions**
- **All requests are promptly acknowledged, delivery dates committed at receipt**
- **Weekly (Friday) Status updates on all open projects**
- **We keep you updated**

- Members in premier IP Organizations

- Regular participation in International Patent Conferences

- **Recognised as an emerging business in the state of TN**

### Finishing School does wonders for placement

The Finishing School Programme that the National Institute of Technology-Tiruchi (NIT-T) conducted during May and June to reinforce skills and infuse industry-specific knowledge into 58 students drawn from various engineering colleges in the State has resulted in 32 of them securing placement in prestigious companies including TCS, CTS, Wipro and Dextrasyss.

The purpose of the programme that was conducted as per the directives of the Ministry of Human Resource Development, Government of India, was to provide opportunities for students who had not secured jobs through campus placements. They acquired the skills and knowledge from trained faculty of NITs and experts of IT and ITES industries. The students underwent the residential programme spanning eight weeks utilising the facilities including library and computer centre at NIT-T, said the institute director M. Chidambaram.

## 9 Carbon-Free Services

- Our facility is powered nearly 100% by solar
- When you use DexPatent services, you can be proud that it comes with green energy

- Our people, our energy and enthusiasm in understanding and meeting customers needs make us a great company to work with
- We are confident, you will be excited with our quality and service excellence
